

Muhaiminul Islam Tafsir

About

I am an dedicated professional with an academic background in Computer Science and Engineering (B.Sc. in CSE from IUBAT University), specializing in software engineering and machine learning. I have hands-on experience through small projects and problem-solving, communication, and teamwork abilities. I am eager to apply my technical knowledge to real-world industry challenges and contribute to impactful, high-quality solutions while continuously expanding my expertise.

skills

- React.js
- JavaScript
- Python
- Machine Learning
- Git & GitHub
- Problem Solving
- Team Collaboration

Language

- Bengali
- English

Work Experience

3s Softech ltd | 2026

Jr. Software Engineering

Working on the Software Maintenance System designed to support efficient tracking and management of software issues. Responsible for identifying and fixing bugs, improving system performance, and implementing feature updates. Collaborating with the team to ensure system reliability, smooth operation, and regular optimization of existing modules.

Projects

Quick Tutor - online Learning Platform

- Developed Quick Tutor, an online learning platform enabling students courses, schedule sessions, and interact with tutors in real time.
- GitHub:https://github.com/muhaiminul-tafsir/Quick-Tutor---online-Learning-Platform

Machine Learning Predictive Models to Assess depression, Anxiety and Stress among University Students.

- Built machine-learning models to predict depression, anxiety, and stress levels among university students using survey data and statistical analysis.
- GitHub:https://github.com/muhaiminul-tafsir/Machine-Learning-Predictive-Models-to-Assess-depression-Anxiety-and-Stress-among-University-Students

Heart Attack Risk Prediction using Machine Learning model

- Developed ML models to predict heart-attack risk from clinical data for early detection and prevention.
- GitHub:https://github.com/muhaiminul-tafsir/Heart-Attack-Risk-Prediction

Education

INTERNATIONAL UNIVERSITY OF BUSINESS AGRICULTURE AND TECHNOLOGY (Passing Year -2026)

Bachelor's of Science in CSE

CGPA: 3.29/4.00

TONGI GOV'T COLLEGE (Passing Year -2019)

Completed HSC in Science background

GPA-4.92/5.00

A.M. HIGH SCHOOL (Passing Year -2017)

Completed SSC in Science background

GPA-4.73/5.00
